

LIGHTS, CAMERA, ACTION, PIZZA, when you  
Audition for "Deep-Sea Mystery," (starring you)!

# Go "HOLLYWOOD" for CFC

October 24 | 11:00am - 1:30pm | SSMC3, Room 4527

Pilot a deep-sea submarine through an underwater environment, alone or with a friend. See tubeworms, and other mysterious ocean creatures. You can do it all when you "audition" for the "documentary" "Deep-Sea Mystery," created by OER for fun and excitement, plus a bit of learning. The best part—your ninety-second audition tape will be yours to destroy, or to show friends and family when you attach it to emails, post it on Facebook, etc. Great fun!
